**Synopsis:**

Added: Apr 11, 2016 5:46 pm

This work includes in-place abandonment of the existing Herbert Hoover Dike Culvert IP-3 and the construction of new water control structure S-291 at the adjacent location. The demolition and reconstruction efforts will require the installation of steel sheet pile cofferdams with earthen plugs on the lakeside and an earthen cofferdam on the landside of the culvert in order to dewater the construction site. The structure will include cast-in-place reinforced concrete foundations, headwalls, and box culverts. Combination flap/slide gates will be installed at the lakeside headwall and dual leaf gates on the landside headwall of the structure. S-291 will consist of two (2) 7-foot by 7-foot culverts with approximate barrel lengths of 84 feet. At the completion of the embankment reconstruction at the structure, the crest elevation will be 30.5 feet NAVD88. Riprap will be installed along the lakeside embankment face, and a control building will be installed on the lakeside work platform at each structure. Work also includes operation of the by-pass structure, grassing and turbidity monitoring.

**PROPOSAL REQUIREMENTS:**

Award will be made to the offeror whose proposal represents the best value to the Government. Proposals will be evaluated in the areas of technical merit, past performance, small business participation and price.

Magnitude of construction is between \$10,000,000.00 and \$20,000,000.00. THIS IS AN UNRESTRICTED ACQUISITION. ALL RESPONSIBLE OFFERORS ARE ENCOURAGED TO PARTICIPATE.

The solicitation will be issued on or about 26 April 2016 with a response date of 27 May 2016. This solicitation will be issued in electronic format only and will be posted on the Army Single Face to Industry (ASFI) website at <https://acquisition.army.mil/asfi/>. In order to receive notification of any issued amendments, interested parties must register as an interested vendor on the Federal Business Opportunities website at <http://www.fedbizopps.gov/>. Please be advised, if you are not registered, the Government is not responsible for providing you with notification to any changes to this solicitation. You must be registered in the System for Award Management (SAM) in order to be eligible to receive an award from this solicitation. For additional information, please call 866-606-8220 or visit the SAM website at <https://www.sam.gov/>. NAICS Code 237990, size standard \$36.5 million.
